

Jrène Rahm

Livres

Ash, D., Rahm, J., & Melber, L. (Eds.) (2012). *Putting theory into practice : Tools for research in informal settings*. Rotterdam, Netherlands: Sense Publishers.

Rahm, J. (2010), *Science in the making at the margin : A multisited ethnography of learning and becoming in an afterschool program, a garden, and a Math and Science Upward Bound program*, Rotterdam, Netherlands, Sense Publishers.

Livres en collaboration

McAndrew, M. & l'équipe du GRIÉS (Balde, Bakhshaei, Tardif-Grenier, Audet, Armant, Guyon, Ledent, Lemieux, Poitvin, Rahm, Vatz Laaroussi, Carpentier & Rousseau). (2015). *La réussite éducative des élèves issus de l'immigration. Dix ans de recherche et d'intervention au Québec*. Montréal, QC : Les Presses de l'Université de Montréal.

Chapitres de livres

Rahm, J. (2014). *Space-time configurations of youth-voice driven science practices: Insights into local and global mobilities*. Dans J. Vadeboncoeur (Ed.), *Designing educational programs with and for youth: Alternative and flexible contexts for learning*. Annual NSSE Yearbook Series.

Rahm, J. (2013), « Afterschool and community programs' role in supporting immigrant youth : Stories of opportunities for youths' identity work and learning for life », dans N. Trépanier (eds.), *Plaidoyer pour une école communautaire / Making the case for community schools*, Montréal, Éditions Nouvelles.

Rahm, J. (2012), « Diverse urban youths' learning of science outside school in university outreach and community science programs », dans B. Fraser, K. Tobin, & C. McRobbie (eds.), *Second international handbook of science education*, volume 1, New York, Springer, p. 47-58.

Rahm, J. & Gonsalves, A. (2012), « "To understand the news you need science!" Stories of girls' learning trajectories and positioning work within and beyond an afterschool science program », in M. Varelas (Ed.), *Identity construction and science education research: Learning, teaching, and being in multiple contexts*, Rotterdam, Netherlands, Sense Publisher, pp. 61-78.

Rahm, J. et M. Hébert (2008), « It made us learn so much more about science ! How innovative partnership projects among schools, museums, and scientists can make science museums accessible to poor inner-city youth », dans A. Meunier et A. Landry (dir.), *La recherche en éducation muséale : actions et perspectives/Research in Museum Education : Actions and Perspectives*, Québec, Multimondes, p. 117-141.

Rahm, J., Naughton and J. Moore (2008), « What kinds of tools and resources are made available to students through effective guidance in a student-scientist partnership program », in B. van Oers, E. Elbers, R. van der Veer and W. Wardekker (eds.), *The transformation of learning : Advances in cultural-historical activity theory*, New York, Cambridge University Press, p. 342-357.

Rahm, J. (2007), « Les jeunes provenant de milieux défavorisés et les activités scientifiques extra scolaires », dans C. Solar et F. Kanouté (dir.), *Équité en éducation et formation*, Montréal, Édition Nouvelles, p. 47-74.

Rahm, J. (2007), « Learning and becoming across time and space : A look at learning trajectories within and across two inner-city youth community science programs », in W.-M. Roth and K. Tobin (eds.), *Science, learning, and identity : Sociocultural and cultural-historical perspectives*, Rotterdam, Netherlands, Sense Publisher, p. 63-79.

Rahm, J. and K. Tracy (2005), « Doing "good" discussion : Young people engaged in politically messy, yet compelling conversation », in J. Vadeboncoeur and L. P. Stevens (eds.), *Re/Constructing "the adolescent" : Sign, symbol and body*, Peter Lang Publishers, p. 69-95.

Rahm, J. (sous presse, printemps 2014), « Space-time configurations of youth-voice driven science practices : Insights into local and global mobilities », in J. Vadeboncoeur (ed.), *Designing educational programs with and for youth : Alternative and flexible contexts for learning*, Annual NSSE Yearbook Series.

Revue scientifique

Rahm, J., Martel-Reny, M.-P., & Simard, V. (2015). « J'aime jardiner et rapporter quelque chose à la maison. » *Le jardin botanique comme outil de développement des jeunes*. Special issue on museum éducation in Québec. *Éducation et Francophonie*. http://www.acelf.ca/c/revue/pdf/05-RAHM_vf.pdf

Rahm, J. (2014). « I always enjoyed touching the soil and growing things! » A spatial analysis of youth gardening in a botanical garden. *Brazilian Journal of Research in Science Education*. <http://revistas.if.usp.br/rbpec/article/view/896/380>

Rahm, J. (2014). Stories of learning, identity, navigations and boundary crossings in STEM in non-dominant communities: New imaginaries for research and action. *Cultural Studies of Science Education*.

Rahm, J. (2014). Reframing research on informal teaching and learning in science: Comments and commentary at the heart of a new vision for the field. *Journal of Research in Science Teaching*, 51, 395-406.

Gonsalves, A., & Rahm, J. (2013). "We could think of things that could be science": Girls' refiguring of science and self in an out-of-school-time club. *Journal of Research in Science Teaching*, 50(9), 1068-1097.

Rahm, J., A. Lachaine, M.-P. Martel-Reny et F. Kanouté (2012), « Le rôle des organismes communautaires dans la réussite scolaire et le développement identitaire des jeunes issus de l'immigration », *Diversité Urbaine*, 12(1), 87-104.

Rahm, J. (2012), « Collaborative imaginaries and multi-sited ethnography : Space-time dimensions of engagement in an afterschool science program for girls », *Ethnography and Education*, 7, 2 : 247-264.

Rahm, J. (2008), « Urban youths' hybrid identity projects in science practices at the margin : A look inside a school-museum-scientist partnership project and an afterschool science program », *Cultural Studies of Science Education*, 3, 1 : 97-121.

Rahm, J., and D. Ash (2008), « Learning environments at the margin : Case studies of disenfranchised youth doing science in an aquarium and an afterschool program », *Learning Environments Research*, 11 : 49-62.

Rahm, J. (2007), « Boundary crossing, science field trips and student voice : Who is mediating whom, what and why ? », *Cultural Studies of Science Education*, 2 : 872-877.

Rahm, J. (2007), « Youths' and scientists' authoring and positioning within science and scientists' work », *Cultural Studies of Science Education*, 1, 3 : 517-544.

Rahm, J., I. Vazquez et M.-P. Martel-Reny (2007), « Le rôle des programmes communautaires dans l'apprentissage des sciences chez les jeunes », dans M. Venne et Fahmy, M. (eds.), *L'annuaire du Québec*, Canada, Fides, p. 290-291.

Rahm, J. (2006), « L'accès des jeunes provenant de milieux défavorisés aux activités scientifiques extrascolaires : une question d'équité », *Revue des sciences de l'éducation*, 32, 3 : 733-758.

Rahm, J., M.-P. Reny and J. Moore (2005), « The role of after-school and summer science programs in the lives of urban youth », *School Science and Mathematics* (Special issue on Informal Science Education), 105, 6 : 283-291.

Numéro spécial d'une revue arbitrée et éditée par l'auteur

Numéro spécial

Malo, A., Rahm, J. (2014), « Youth voice In and Outside of School: Stories of New Possibilities/La voix des jeunes à l'école et au-delà: envisager des nouvelles possibilités », Numéro spécial, thématique, bilingue (anglais/français), *Canadian Education Journal*, 37(1).

Articles dans le numéro spécial

Rahm, J., Malo, A. (2014), « Introduction to youth voice in and outside of school », *Canadian Education Journal*, 37(1).

Rahm, J., Lachaine, A., Mathura, A. (2014), « Youth voice and positive identity building practices : The case of ScienceGirls », *Canadian Education Journal*, 37(1).
